

SANMINA®

INDUSTRIAL SYSTEMS

LEADER IN COMPLEX AND TECHNOLOGICALLY ADVANCED
INDUSTRIAL PRODUCTS

SANMINA IS ONE OF THE LARGEST COMPANIES DESIGNING AND MANUFACTURING COMPLEX AND TECHNOLOGICALLY ADVANCED INDUSTRIAL PRODUCTS.

We build finished products and provide design and contract manufacturing services for PCBs, PCBA, cabling, enclosures, machining, and welded frames for a broad range of industrial products. Our Industrial product expertise includes:

TRANSPORTATION & POWER SYSTEMS

- Elevators and Escalators
- Rail Control Systems
- Power Systems
- Electric Car Chargers

KIOSKS & SECURE SYSTEMS

- Vending Machines
- Gaming Systems
- ATMs and Web Kiosks
- Cash Sorting Machines

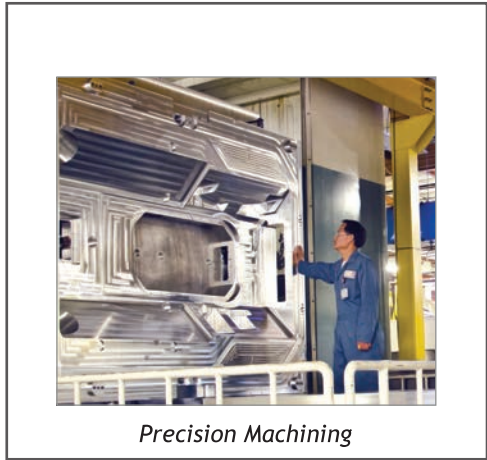

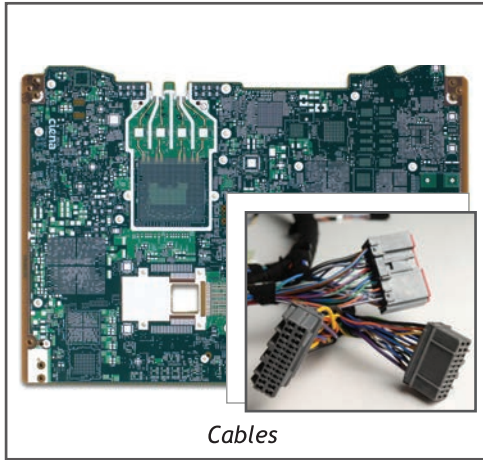

COMPLEX CAPITAL EQUIPMENT

- Vacuum Systems
- Photolithography Equipment
- Large Format Printers

TEST & MEASUREMENT

- RF Test Equipment
- Gas Flow Control
- Smart Meters

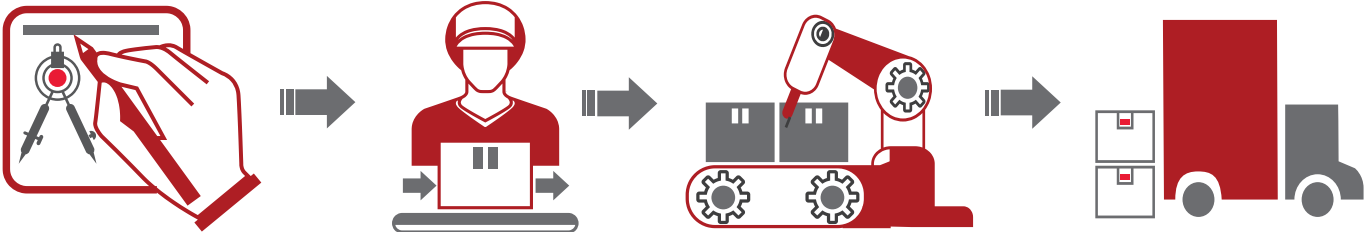

ADVANCED TECHNOLOGY, DESIGN ENGINEERING , PROTOTYPING AND VOLUME MANUFACTURING

Sanmina engineering expertise includes advanced PCB, PCBA & SMT services, welded frames and enclosures. We design and produce turnkey cable assemblies and wiring harnesses. We provide precision machining and a wide variety of plastics including tool design and mold flow analysis.

We offer a complete range of design engineering, prototyping, volume manufacturing, assembly and test services for complex electro-mechanical systems across virtually all industrial markets.

END-TO-END SOLUTIONS

Sanmina provides end-to-end services including product design, industrialization and global manufacturing in 75 facilities around the world.

DESIGN & TECHNOLOGY

- Turnkey & Joint Product Design
- Preferred Supplier Alignment

NPI & TEST DEVELOPMENT

- Turnkey Test Solutions
- Product Reliability Testing

MANUFACTURING & REPAIR SERVICE

- Regional Manufacturing
- Optimum Total Landing Cost
- Import/Export Expertise

ABOUT SANMINA CORPORATION

Sanmina Corporation is a leading integrated manufacturing solutions provider serving the fastest-growing segments of the global Electronics Manufacturing Services (EMS) market. Recognized as a technology leader, Sanmina provides end-to-end manufacturing solutions, delivering superior quality and support to Original Equipment Manufacturers (OEMs) primarily in the medical, communications networks, defense and aerospace, industrial and semiconductor systems, multimedia, computing and storage, automotive and clean technology sectors. Sanmina has facilities strategically located in key regions throughout the world.
