

SANMINA

## Sanmina Global Services (SGS)

Providing Low-cost, Quickturn Repair Services & Logistics to Argentina

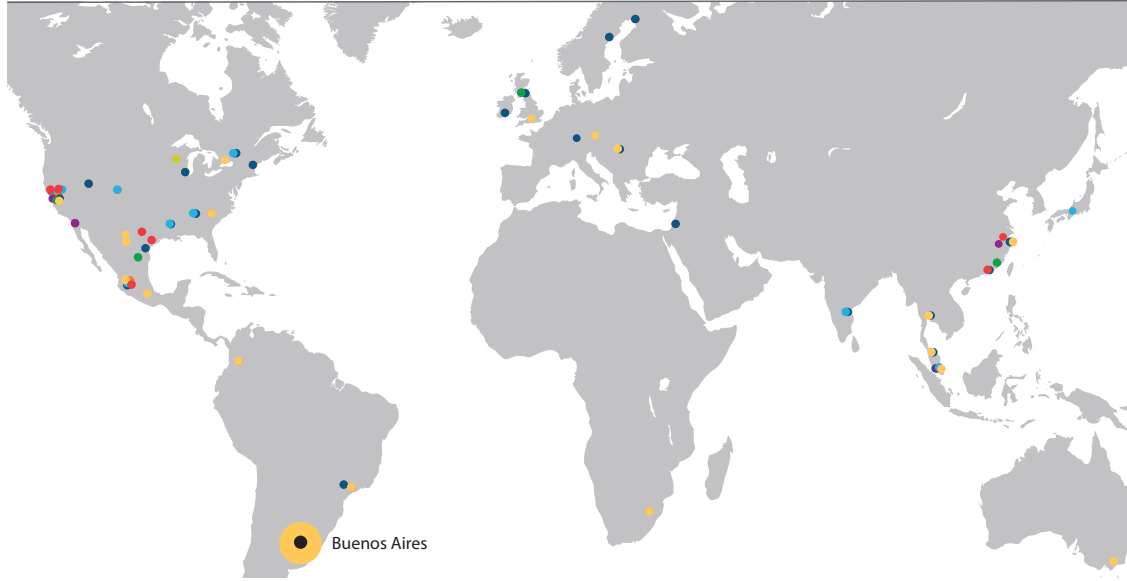

Buenos Aires, Argentina

Our Sanmina Global Services (SGS) facility in Buenos Aires is strategically located in the capital of Argentina to provide efficient, quickturn logistics and repair services. This facility has over 15 years experience performing repairs for some of the world's leading Original Equipment Manufacturers (OEMs). SGS Buenos Aires delivers a complete range of services including, no-fault found (NFF) screening, repair, refurbishment, software and configuration management. We also provide inventory management programs, software and firmware updates, reclaim and recycling services. SGS Buenos Aires offers other regional engineering services including failure analysis and reporting, sustaining engineering, test, process and new-product introduction (NPI) services.

# Sanmina Worldwide
