

SANMINA

Sanmina Global Services(SGS)

**Design,
Development
and Manufacture of
High-Technology
Products.**

Johannesburg, South A frica

Strategically located near the Johannesburg airport, the Sanmina Global Services (SGS) Johannesburg facility provides comprehensive logistics and repair services to the African market. In operation for ten years, this SGS facility supports a broad range of product services, including telecommunications

infrastructure, mobile computers, scanners and wireless (RF) products. Some of these products are encrypted or partially encrypted for professional and government customers. Our highly skilled staff has strong expertise in regional, local and cross border customs and trade practices.
