

## **Cables**

# Monterrey, Mexico

The Sanmina Monterrey, Mexico facility is strategically located in northeastern Mexico, offering best-cost manufacturing and efficient logistics for a variety of cables and harnesses. This facility provides the latest in cable technologies, including molding, crimping, fiber optics and advanced manufacturing techniques. Our Monterrey facility works closely with our cable design centers in the U.S. and Europe to provide customers with turnkey cable design, technology development and manufacturing services. Sanmina Monterrey also offers system integration and test services, providing customers with a complete solution for the Americas.

#### **MANUFACTURING CAPABILITIES**

- Cable Harness Assembly
- Electromechanical Assembly

#### **ENGINEERING CAPABILITIES**

- New Product Introduction (NPI)
- Design for Manufacturing (DFM)
- · Tooling Design
- Capability Studies
- pFMEA and Control Plan
- Lean Six Sigma

#### **TECHNOLOGIES**

- Molding, Crimping, Soldering and Ultrasonic Welding
- Termination by Application Crimps, IDC and Soldering
- Fiber Optics, RF and Molded Cables
- · High-speed Cables
- · Lead-free Manufacturing

## **TESTING CAPABILITIES**

- Hi-Pot
- · Continuity, Isolation and Impedance
- Insertion/Pull Force
- · Functional Test

#### LOGISTICS SERVICES

- C-TPAT Compliance
- Post-Manufacturing Engineering and Quality Support
- 3PL, VMI and Kanban
- · Repair and Reverse Logistics

#### **CERTIFICATIONS**

- ISO 9000
- ISO 14000
- TL 9000
- UL/CSA
- AS9100
- C-TPAT
- ISO-13485

### **ABOUT SANMINA CORPORATION**

Sanmina Corporation is a Fortune 500 company and a leading global provider of integrated manufacturing solutions, components, products, repair, logistics and after-market services. Recognized as a technology leader, Sanmina provides end-to-end manufacturing solutions, delivering superior quality and support to Original Equipment Manufacturers (OEMs) primarily in the communications networks, cloud solutions, medical, defense and aerospace, industrial and automotive segments. Sanmina has facilities strategically located in key regions throughout the world.
