

SANMINA

Systems, Machining PCBA, Enclosures Ma'alot, Israel

High-level Assembly Multiple Complex Technologies

If your business is medical equipment or industrial products, you understand the urgent need for quality. So does Sanmina. Our Ma'alot, Israel campus offers integrated manufacturing solutions for production of highly complex systems with multiple technologies including electronics, motion control, fluid and mechanics. The facility offers enclosure fabrication, painting, precision machining, welding, PCBA assembly and test as well as high level assembly and test of some of the most innovative and complex systems in the world. Our on-site machine shop offers world class CNC milling, laser cutting, CO2 and argon welding. We provide customers with a range of end to end services including design support, DfX, supply chain design, prototyping, New Product Introduction (NPI) and manufacturing services for medical systems and complex industrial equipment – all while minimizing costs.

MANUFACTURING CAPABILITIES

- High-level Assembly - Segregated Lines
- Electromechanical Assemblies
- Industrial Systems
- Semiconductor Systems
- Medical Systems
- PCBAs
- Enclosures
- Precision Machining
- Welding
- Wet & Powder Eco-friendly Paint Lines

ENGINEERING CAPABILITIES

- Complete Product Development
- Interface & Electronic Board Design
- Mechanical Design
- DFM & DFT
- Redesign for Cost Reduction
- New Product Introduction
- Failure Analysis, FMEA

TESTING CAPABILITIES

- ICT - In Circuit Test
- FCT - Functional Test
- AOI - Automatic Optical Inspection
- Flying Probe
- Boundary Scan
- SPI - Solder Paste Inspection
- X-ray

LOGISTICS SERVICES

- Supply Chain Management
- Demand Flow Technology
- On-site Support & Repair Center

CERTIFICATIONS

- ISO 9001
- ISO 13485
- ISO 14001
- FDA Registered

ABOUT SANMINA CORPORATION

Sanmina Corporation is a Fortune 500 company and a leading global provider of integrated manufacturing solutions, components, products, repair, logistics and after-market services. Recognized as a technology leader, Sanmina provides end-to-end manufacturing solutions, delivering superior quality and support to Original Equipment Manufacturers (OEMs) primarily in the communications networks, cloud solutions, medical, defense and aerospace, industrial and automotive segments. Sanmina has facilities strategically located in key regions throughout the world.

Sanmina Corporation is an EEO/AA employer ©2024 Sanmina Corporation. All rights reserved. Sanmina® is a registered trademark of Sanmina Corporation.
